# If you were racing here tomorrow

## you'd wear a Rolex

Grand Prix drivers have a highly developed sense of timing. Their lives depend on it.

That's why many drivers choose a Rolex as their watch. Its Oyster case\* is carved out of block of 18 kt gold or Swedish stainless steel. Inside its solid walls is a 30-jewel self-winding officially certified chronometer movement.

Each Rolex takes more than a year to make. Racing-car driver Jackie Stewart thinks the time was well spent.

\*Individually tested and guaranteed to a depth of 165 feet when case, crown and crystal are intact.

Rolex Oyster Perpetual Datejust in 18 kt gold with matching Jubilee bracelet, \$1075. Other Datejusts from \$255.
