VMI SPORTS INFORMATION BOB GURRIE, DIRECTOR LEXINGTON, VA. 24450 (703) 463-5370 AND NOW. . . THE SOUTHERN CONFERENCE INDOOR GAMES

RELEASE: Immediately

Since the realignment of the Southern Conference in 1954, only two schools have managed to win as many as seven indoor track championships. One is The College of William and Mary and the other is VMI. The Indians of William and Mary are the reigning champs and have scaled their present pinnacle via six consecutive crowns. Only two other Southern Conference schools have earned the number one spot in the last eighteen years and they are Virginia Tech which is now an independent and Furman University, three-time winners in the early sixties.

The 1972 Southern Conference Indoor Games will be held February 19 at the VMI Field House, and the bad news for the other S. C. member schools is that the 1972 games will probably mean an eighth title for the Indians.

Last year there were 39 points separating William and Mary and second plac. East Carolina University. William and Mary athletes finished first in exactly half of the sixteen events. Returning Indian champions are Fred Toepke in the high jump, Charles Duckworth in the 600 yard run, Steve Snyder in the two mile run, Al Sharrett in the 1000 yard run and Charles Strode, who has won the pole vault in the VMI Winter Relays for the past two years and has set a record in the process.

Other returning winners are Davidson's Tom Richardson in the 60 yard dash and Ray Swetenburg in the high hurdles and East Carolina's record breaking James Kidd in the 880 yard run. Swetenburg, an all-around performer scored 18 points for his team in a recent quadrangular meet at VMI's Field House by taking three firsts and a second in the jumps and hurdles events.

Last year, three records fell and one was established in a new event for the indoor games, the 220 yard dash. This year there are two new events including the three mile run and the 35 pound weight throw and as many as four new records are a possibility.

In the two mile, Snyder will be replaced by teanmate Ron Martin as the favorite. Martin, the William and Mary Englishman, finished second in the two mile race at the VMI Winter Relays two weekends ago. His time of 8:55.1 waidentical to that of eventual winner Mike Mosser of West Virginia. The result of that race had to be determined by looking at the play back on VMI's vidio tape recorder. Snyder's time in the two mile last year was 9:13.7. The S. C. record is 9:08.0 set by Carl Hatfield of West Virginia in 1968.

The long jump mark of 23'5%" is in jeopardy if Norm Williams of the University of Richmond can get his steps down right. He is capable of 25 feet but has had trouble hitting the board.

Swetenburg won the 60 yard high hurdles last year with a time of :07.4 but it will likely take a better time to win this year. William and Mary freshman Charles Dobson ran a :07.2 in the Winter Relays, just a tenth of a second off the VMI Field House record set by Richmond Flowers in 1968.

The William and Mary two mile relay team of Lewis McGehee, Jim Graham, Al Sharrett and Reg Clark broke the Winter Relay record this year by going it at 7:46.7. The conference record is 7:50.3 In the triple jump, Walter Davenport of E.C.U. will be favored to win and maybe even set a new record because of his showing in the Winter Relays. His jump in that meet of 49'4" is five inches better than the Southern Conference standard.

Strode is also capable of bettering the conference record of 15'9'z" in the pole vault which was set by Dan Tyson of Furman in 1968.

Other top performers in Saturday's meet should be Gale Sommers of VMI in the 35 pound weight and Donnie Cumberland also of VMI in the 60 yard dash and the 220, Furman's Bill Dimitrouleas in the shot put and Tom Malik in the high hurdles and 220, Richmond's Larry Chowning in the 1000 yard run and The Citadel's Foress Rayford in the pole vault.

The schedule of events gets underway at 1:30 PM with the bulk of the finals events being in the evening segment which starts at 6:30. The events in the program have been closely patterned after those which are run in NCAA championship competition.
