We at UW-Oshkosh hope that your participants were pleased with the way the meet was run Saturday. In the future we will get better at making meets run smoothly . As far as the official results are concerned, I apologize for the copies you received after the meet. Coach Flood and I have gone over the results and I hope I have them as accurate as can be this time. I am sorry of the other result sheet caused eye strain or some displeasure.

You will find just as many Oshkosh men winning places as there were before. We will try to be good hosts in all other categories and hope you and your track team will come to the Kolf Sports Center again for a meet.

Sincerely,

Herb Willis, Sports Information Director
