Scott Overton's final discus throw Saturday in the 54th annual California Interscholastic Federation state meet championships netted the Central Coast Section its only title.

But the CCS made a strong overall showing at Oroville's Mitchell Field and, according to Silver Creek sprint coach Bob Poynter, could produce a CIF team title within two years.

Section-wise, the power-

ful and large Southern Section dominated point totals even though the Carl McCullough-led Sacramento Dragons won the meet.

The Southern section totaled 81 points with the Sac-Joaquin and North Coast Sections sharing second with 31 markers. Los Angeles City Section finished third with 25 and the CCS totaled 22.

The bulk of the CCS points came in the discus.

Jim Grover of Branham, who led Overton most of the afternoon with a 180-9 toss, finished second to the Los Altos star's 185-10.

Both Overton and Groover are seniors, but the fourth place finisher, Dave Hickson of Leland, who tossed 179-9, has one more shot at the title.

If a CCS team title is forthcoming, it rests squarely on the shoulders

of Silver Creek's Millard Hampton, who fared well in his first state meet confrontation.

McCullough proved that one man can produce enough points to win the team title as victories in the 100 (9.5), long jump (24-7), second in the 220 (21.3) and an anchor leg which produced a fourth place finish for Sacramento in the 440 relay accounted for 16½ of the Dragons' total of 18.

Besides McCullough, the Northern California-dominated field included Albany's Mike Shavers and Mike Farmer of Woodrow

# CCS In State Track?

Wilson (San Francisco).

It was Farmer, like Hampton, a 15-year-old sophomore, who enabled Wilson to win the 440 relay as his opening leg gave his mates a three-yard lead.

But Farmer isn't the only NorCal sprinter Hampton will have to contend with in 1973. Shavers, who nipped McCullough in the 220 in 21.0, is only a junior.

"I don't think Northern California has ever dominated the sprint field like it did this year," said Poynter, who won the 220 in 1955-56 while competing for Pasadena.

"Millard was disappointed in himself, but he'll be back. I was pleased with his performance and he showed me he's one year ahead of our projected program.

"We figured he would run 9.8 (100's) this year and 9.6 as a junior. Now that he's run 9.6, I look for 9.4 next year and you know he's tough in the 220."

Hampton's 9.6 century earned him a blanket-finish fourth and his 21.3 220 was good for third.

"He's seen the pressure and I think he handled it," Poynter said. "They know about him now and I think he'll be tough to beat for the next two years."

Del Mar's Jim Johnson, Los Gatos' Bret Mannon and Steve Miller of Carl-

mont also placed against good competition. Johnson added two inches to his previous best pole vault to finish third at 14-6.

Mannon took fourth place in the shot put for the second straight year at 61-4½ and Miller, also a junior, finished third in a record-setting mile in 4:10.7, a lifetime best.

Friday's trials were full of CCS disappointments, but only one shocker was

recorded in Saturday's finals.

Campbell's Dave Bush, who had the best prep high jump mark of the season at 6-11, failed to clear 6-8 and finished sixth in the field.
