I had a little kick left if I had needed one. The weather was great, not too windy, and the track was great. I felt I had the race pretty much under control the whole way," stated Sweeney.

Guy Artherholt, Fresno State

"I was amazed that I was the winner. Coming into the race, I didn't know what to expect. I haven't run this in two years and at the starting line I just wanted to keep my eyes open and go for a place. I don't think my time would have been that fast had not (Jeff) Huber (Long Beach State) set a fast pace. I think Jeff tighten up a bit with me sitting on his heels and after I passed him, I knew I had to go hard because the guy from Fresno State (Pat Dunning) was coming fast. The weather didn't bother me. Actually, the wind helped me. Running into the wind gave me good resistance and I run better that way. On the back stretch, I was a little shakey because I started to float with the wind," stated Razzeto.

I try to stretch in between jumps to stay as loose as possible. I'm pretty cold and tight now. I've been triple jumping and HJ high jumping since my sophomore year in high school. 'It was to cold. The wind kept changing directions and it was difficult to know which way it was going to blow. I hurt my leg on my first jump (24-4 3/4, winning jump) and I shouldn't have jumped anymore with the cold. I tried the best I could to keep warm between jumps, but it wasn't too successful. I feel fortunate to win, considering the conditions," stated Curtis Davis, winner of the Long Jump.

"I felt fairly well, but I wasn't driving off the board on my early jumps. I started to concentrate better and drive more off the board. I was worried about Dupree on his last jump, it looked he was over 52. I'm happy to win. It feels good," stated Livers.

"I'm not sure what happened. I guess I didn't concentrate enough and I let the competition get me down. I thought I was over 52 on my last jump, but that's the way it goes," stated Dupree, who placed second in the triple jump..

"I'm very happy to win this thing. My technique was off on ~~my~~ my first five throws, but I put everything together on that last throw (57-1). I wasn't extending early in the competition, but my concentration was just right on the final heave. I was confident before I started the competition, but wasn't too sure once Gherardi got into the lead.
