## DISTRICT III TEAMS EASE INTO COMPETITION

### SCHNEDAR VAUTS 16'6"

Most district III track teams have had at least two competitions under their belts and several good marks have been reported. Several schools have not reported however so this culmination of marks will be somewhat scanty to say the least. One of the early noteworthy marks is a 16'6" vault by Point Loma's multi-talented Cliff Schnedar, which is 6" higher than the existing district record. French of Westmont is the next in that category with a 15'6" effort. Oxy appears to have the most complete team having district leaders in several events. Tom Colley in the mile at 4:10, Norman DeCorteret in the 440 with a 50.1, Steve Bitterly in the 5,000 at 14:48.8, Larry David in the high hurdles at 14.6 and intermediates at 56.5, Tony Edwards in the 100 meters at 10.5, Malcolm Cleary in the 880 at 1:52.0, Danny Williams in the long and triple jumps (22'7½"; 41'8½"), Mark Madison in the shot put at 48'11", and Kevin Hall at 6'10" in the high jump. Oxy also has the best reported mark in both the relays.

Biola's Auferoth is the leader in both the discus and the hammer with heaves of 156'2" and 130'3" respectively. Steve Houseworth of Westmont has a 9:07.4 steeplechase to his credit, an excellent mark for this early in the season.

As far as indoor competition goes Cliff Schnedar of Point Loma placed third in the NAIA Nationals at 16'6". Bill Waters (also from Pt. Loma) won the Univ.-College division of the CSLA decathlon in his first effort of the year. His score was an excellent 6909.

I really haven't been given too much information to work with as yet so please remember to send in all your noteworthy marks. Please include the athletes first names and also be sure to indicate meters or where needed. We are pleased to include Ambassador College in our stats this year. They are associate members of the District so will not be eligible for district or national competition, but still will be competing against many District III teams this year. I did not receive enough schedules to warrant publishing them yet. Coaches, the success of District III Track is dependent on you. Please get your dues in if you haven't as yet, and submit your reports as on time as you can so that I can get the newsletter out on time. I'm expecting a lot of marks in the next two weeks, and don't hesitate to give me comments on the back of your report forms.
