Volunteer Instruction Sheet

All volunteers should know where the INFORMATION table is.

PRE-REG : There will be two (2) people working the pre-reg table. The race #'s will be divided in two packs, A - L and M - Z. All of the race #'s will be in alphabetical order. Give the runner his race # and four (4) safety pins. Instruct the runner to pick up a T-shirt at the T-SHIRT table.

(NOTE) If you have no race # for someone who says he pre-registered, ask the person to complete another form and pay the fee. Explain that we will destroy the second check when the first one arrives in the mail. Explain this policy as diplomatically as possible and send anyone with concerns to the MEET DIRECTOR.

REGISTRATION - Registration will be broken up by AGE CATEGORIES with two (2) people being responsible for each category. These people must work as a TEAM. When a completed entry form is submitted, the following should happen:

- 1) Take the entry fee from the runner and give to CASHIER; if change is needed then get it.
- 2) Name, age, sex and address must all be legible on entry form.
- 3) Write the runner's name on the PRE-PRINTED label that is stapled to the race #, be sure you use a race # with the proper sex and age category. Leave this label attached to the race #. (See example on last page.)
- 4) Give the runner the race # and four (4) safety pins.
- 5) IMPORTANT - Write the race # on the bottom, right hand corner of the entry form and put in one of the REGISTRATION boxes.
- 6) Instruct the runner to pick up a T-shirt at the T-SHIRT table.

That's it. Work as a team so one person isn't doing all of the steps. When registration is over, put all materials into one of the REGISTRATION boxes.

RUNNER : This is a one (1) person job. Main duty is to collect all of the entry forms from the REGISTRATION boxes and bring them to the person at the computer. You may also be asked to take entry forms to the ANNOUNCER because of incomplete data on the form.

ANNOUNCER : Is very involved with the race. May also be the MEET DIRECTOR. Should be announcing the official time so runners know how much time they have before start of race. May also be asked to make other announcements.

CASHIER : One (1) person is needed here to take care of the money received from the REGISTRATION area. You will make change and try to keep the flow of processing the entry fees going. If additional help is needed, don't hesitate to recruit someone.

TURD : 'The Unregistered Runner Dept.' This is a one (1) person job and it's not as bad as it sounds. You are responsible for standing 15 to 20 yards in front of the finish line to ensure that only registered runners cross the finish line. All runners race #'s should be visible from the front. If it's not, then direct the runner to go towards the opposite side of the finish line. You should be constantly saying, "Registered runners finish to the ---, unregistered runners to the ---."
