MEMO TO: All Rocky Mountain Regional Corporate Cup Contacts

FROM: Dave Krell, Director, 303 290-0203
Rocky Mountain Regional Corporate Cup

DATE: March 15, 1990

Re: Rocky Mountain Regional Corporate Cup, June 16

It's that time of year again to start getting our fellow employees (and retirees) to start hitting those tracks and roads to get ready for our Regional event on June 16. Many of you have already received the package about the National Championships which are also being sponsored by U S WEST and will be held in Boulder on July 21-22.

Enclosed are several pamphlets explaining this year's regional event. If you compare the regional rules to the national rules you will see a few differences. Attached is an overview of some of the differences between regionals and nationals.

Also attached is the mailing list I'm using for the distribution of this letter. If you know of someone else who should get a copy of this, please let me know. For any of you that are responsible for getting a new team to participate (that has not participated before) in this year's regionals, I will adjust your team's entry fee by 50% of the entry fee amount paid by the new team. (e.g. you sign up a new Division II team and they pay a full \$200 entry fee; your team entry fee will be reduced by \$100).

For clarification, on eligibility for nationals any company may participate in regionals and/or nationals. There are no qualifying events/meets in order to participate in nationals.

If you have any questions, please call me on 303-290-0203.

Differences Between Regionals and Nationals

At regionals, Division I is 1,000 employees or more, while at nationals, Division I is 10,000 employees or more. You may participate in our regional as Division I and participate in nationals as Division II (Public Service Co. has done this several times).

At regionals, two companies with less than 100 employees may combine and compete as a single team. At nationals two companies with less than 1,000 employees (there is a typo in the national letter) may combine and operate as a single team.

At regionals, the number of employees to determine Division classification includes only those cities from which your company pulls participants. (E.G. Company XYZ has 800 employees in Denver and 30,000 employees in Houston. If Company XYZ only pulls regional participants from Denver they can participate as a Division II team for regionals). At nationals, the employee base for determining Division placement is based on the total employee count of the corporation within the United States. (E.G. Company XYZ as described above would be in Division I for nationals regardless of where they pulled participants).

At regionals, we do not run the Sub-Masters Distance Relay or the Distance Relay.

At regionals, Division II teams are eligible to run the same events as Division I. At nationals, the Women's 800, the Executive Relay, the Sub-Masters Sprint, the President's Relay, the High Jump portion of the Team Jump, the Men's 5K, and the Women's 10K are not run in Division II.

At regionals, road races are in 10 year age groups for both Divisions, but at nationals the Division I road races are in 5 year age groups.

And can they get points?
They can run all events but score separately.

Important Road Race Information

TEAM CAPTAINS: In order to ensure smooth and accurate timing and scoring of the Road Race, please read the following and ask any questions you have ASAP.

On your road race numbers you will find a label that has your runners name, age/sex category letter and team name. If any of this information is incomplete or inaccurate, please contact myself ASAP with the changes. DO NOT make any changes on the label without contacting me.

Please be sure each runner wears an appropriate race number.

An OPEN MAN wearing a MASTER WOMAN number would not be scored correctly. The computer scoring depends on the pre-defined labels. Changes made without my knowledge will result in inaccurate scoring. All race numbers must be visible from the FRONT. Please do not pin the hole to the tear-off tag to your jersey. DO NOT tear off the bottom portion of the road race number.

Results will be posted on the announcers stand within 60 minutes after the first runner has finished. Team captains will then have 90 minutes to review the results and submit any protests they may have. No protests on the road race will be allowed after the 90 minute limit. The decisions of the Protest Committee are final. A final set of results, with the team scoring, will then be posted and awards given out at the appropriate time.

Only three (3) changes per team, total, will be allowed on race morning and absolutely NO changes will be allowed after the start of the race. Please do not sign up your entire team for the road race.

Below are the following age/sex category letters for both Divisions:

Men	Division I	Women	Men	Division II	Women
A	24 & under	J	A	29 & under	J
B	25 - 29	K			
C	30 - 34	L	C	30 - 39	L
