TROJAN INVITATIONAL RELAYS
Date change Title

Welcome to the 1994 Trojan Invitational Relays!

Friday, April 21, 1994
Castro Valley High School
Trojan Stadium
4:00 p.m. on

The Trojan Invitational Relays, now in their second year, are a continuation of the long-running DeKotz Relays (1973-1989) which were held at Las Lomas High School. The DeKlotz Relays were the first track and field relays in Northern California set up expressly for girls' competition. Later, frosh-soph events were added to further encourage competition in under-represented parts of the sport. In the spirit of the DeKlotz Relays, the Trojan Invitational Relays feature only girls' and frosh-soph boys' events. All records have, by permission of the former meet director, been forwarded from the DeKlotz Relays and are now part of this continuing event.

left justified **I** (Special features of the Relays:) *all caps*

- > Girls' pole vault relay
- > 4 X mile relays
- > Devil-take-the-hindmost 1600
- > "A," "B," "C" teams welcomed in all relay events (they score, too)

ENTRIES: Please fill in the attached entry forms and mail them with the appropriate fees to: Chuck Backe and Peter Brewer

align | Castro Valley High School
19400 Santa Maria Avenue
Castro Valley, CA 94546

or fax entries to 510-582-3924.

ENTRY FEES: \$8.00 per relay

\$5.00 per individual

\$75.00 maximum per squad (girls OR boys)

\$150.00 maximum per school (girls AND boys)

align per delivered print

Please make checks out to Castro Valley High School

ENTRY DEADLINE: Please have all entries mailed, faxed or phoned in by Friday April 14

SCORING: The meet will be scored 10-8-6-4-2 for the relays and 6-4-3-2-1 for the individual events. In case of a tie, the school with the most first-place finishes will be declared the winner.

AWARDS: Medals to: top four (4) relay teams in each track event
top four (4) relay teams in each field event
top five (5) individuals in each open race
top five (5) individuals in each field event

Trophies to: top three (3) teams in the Varsity Girls
top three (3) teams in the Frosh-Soph Boys

complete results will be mixed out of the meet to each competing school

→ Awards and results will be available following the meet in the press booth.
Please note: An athlete may compete in a field event individually.

FACILITIES: The Castro Valley High School track is a 7 lane dirt track. The runways have an artificial surface. 1/4 inch spikes are recommended for the runways. The FS high jump will be off the infield, so longer spikes may be preferable there. Bathrooms will be available, but no dressing facilities. There will be a snack bar in operation, and there will be a trainer on duty.

SCRATCHES AND SUBSTITUTIONS will be handled at the bullpen.

THE TENT CITY AND ATHLETES' BIVOUAC is on the south side of the field, behind the scoreboard.

NO ATHLETES ON THE INFIELD unless in competition. Your cooperation on this point is much appreciated.

AN ATHLETE MAY COMPETE IN ONLY FOUR EVENTS (trials and finals of one event count as a single event).

~~commemorative~~ COMMEMORATIVE T-SHIRTS will be on sale for \$10.00.

ADMISSION WILL BE CHARGED FOR SPECTATORS:

\$4.00 for adults

\$3.00 for seniors, children under 12, and students with I.D.

→ COACHES' PACKETS will be available at the press booth.

→ COACHES' AND OFFICIALS' DINNERS will be available next to the snack bar.

IN CASE OF RAIN the meet will be cancelled.

DIRECTIONS TO CASTRO VALLEY HIGH SCHOOL: The track is located on Redwood Road 3/4 of a mile north of 580. From 580 West take the Castro Valley Boulevard exit and go west until Redwood Road. Turn right (north) and follow to the school. From 580 East take the Redwood Road exit. Turn left (north) and follow to the school. Enter the track through the entrance on the south side.

MEET MANAGEMENT: The meet will be run according to National Federation rules. There will be a Meet Referee in case of appeals, and a Jury of Review consisting of the Head Starter, the Head Finish Judge, and the Chief Inspector. All races will be videotaped. The meet will start on time (or as close as we can) and then continue until the last event. The length of the meet will be determined by the number of entries.

DEVIL-TAKE-THE-HINDMOST 1600: There has been concern among some coaches that this event is demeaning, or at the very least embarrassing for the athletes that get pulled

from the track at the end of each lap. Out of concern for these athletes, we advise coaches who feel that this may be a factor not to enter those athletes in this race. However, by far the majority of the coaches polled supported this race, and so we will not only run it, there will be a Devil to pull the last runner at each lap off the track.

DUAL MEET CHECKLIST
JUMPERS

All meets:

Respect: We are polite and respectful competitors, and we win graciously and lose with dignity. Our emotions are channeled to motivate our performance, and not disparage any other competitors. We cheer our teammates and encourage our competition, because we know that quality competition is what brings our quality results.

Preparation: We are physically and mentally prepared for our meets. Each practice, each workout is done as seriously as possible so we are ready for competition. We take each race, each jump, each effort with concentration and focus. If we try as hard as we can, the overall result is that we will improve over the season. Not every race or every jump or throw is going to be our best ever, but if done with top intensity, we will improve. This is going to make us better track and field athletes and competitors, and make Castro Valley a better team.

Cooperation: We are willing helpers at all meets, home and away. If help is needed measuring jumps, or moving hurdles, or holding a stop watch, we are ready to accommodate. Anything we can do to make a meet run more smoothly by pitching in makes our team better. So if you are approached by a coach or teammate during a meet to help, be ready to do your part. Cheerful cooperation is the hallmark of a quality athlete.

The day before: Be ready to compete --

1. Have your equipment ready -- uniform, shoes, step marker, sweats, snacks, drinks, etc. Optional: your own tape measure, athletic tape, bandages, athletic balm, your own workout and meet record book. Put all this in your track bag and have it ready to go. Vaulters, for away meets, have your poles boxed and ready to go along with the extenders. Get out of class and zoom up to the shed so you can get the gear on the bus.

2. Check your step -- Every jump has its own step. Run through your steps several times until you have it as good as you're going to get it. Measure your step for each jump event and mark it down in your record book.

3. Prepare the facility -- (for home meets) sweep the runway and jump approaches. Rake the sand pit. Remove debris and junk from around the runway and jump areas. Pick up trash generally to make the area look good.

4. Know your events -- the coaches will tell you what events they want you to compete in. Make sure you remember. Write them down. Each jumper is expected to compete in the maximum 4 events.

5. Know the details -- Be sure to know who the opponent is, what time the meet starts, when you get out of class, what time the bus is scheduled to leave, et cetera. The coaches will inform you -- please remember.

6. Sleep and eat right -- Proper rest and nutrition are extremely important. Get good rest the day before a meet. Also, your overall diet should not have any large amounts of animal fats, processed meats, fried foods, refined sugars or eggs. Your overall diet should include lots of complex carbohydrates (rice, pasta, potatoes, cereal grains), fruits and vegetables, and baked food. Be sure to drink plenty of water. Do not skimp on food -- the athlete who works out daily needs 30% more calories than the non-athlete.

The Day of: Actual competition

1. Arrive as early as possible. For home meets, come straight up to the track. Don't dawdle in the locker room or in the courtyard. Home meets mean we have to pull out the jump pits. It is best to do this at lunch time.

2. Bus behavior -- We have a large team, and we will be taking two busses to meets, and one bus back (this is because many parents pick up their children at the meets). Everyone rides the bus unless they get a ride from a parent or a coach. Don't even ask if you can drive yourself. While on the bus we are not rowdy, rude, or obnoxious. We are using the time to focus on the

upcoming competition, and the bus is no place to exercise the unique lack of self-control that seems to possess teen-agers when in groups.

3. Sign in for all your jumps. If the clipboard is not ready, track it down. For home meets, the clipboards are usually stored in the press booth.

4. Warmup thoroughly. A meet is a busy place, and you will be left to be individually responsible for your own warmup. Do it completely and do not skimp. As always, do 4 laps jog and 8 strides. Meet days you are allowed to cut your strides down to half distance.

5. Get your steps measured and checked. Do all your run-throughs as soon as you can. Once the running events start, you are not allowed any more run-throughs, so be very careful to take care of this.

6. Stay loose between jumps. Jog around, stretch, do high knees, bound a little. If you sit around between jumps, you will stiffen up and your performance will be affected. If you are in a particular order, as in the high jump and the pole vault, then you know when you will be jumping, so you can plan when to loosen up.

7. Stay focused -- Concentrate on your jumping. Don't get caught up in socializing or checking out the other team or having jollies with your buddies, and then find out that you've missed a jump or a race or that you have been called to your turn and you are not loose.

8. Help out -- Sometimes we do not always have enough statisticians to run the jump events. In that case, it is up to all of us to help out. Between jumps, rake the pit. Hold a tape measure. Call out the jumps for the high jump. If every one helps in a pinch, the easier it is for everyone.

9. Support your team -- Encourage all your teammates in all events. The strong team is the one that helps each other to do the best each can.

10. Hurdle moving -- There are two times during a meet when hurdles need to be moved to keep the meet moving along. It is the responsibility of the whole team, not just the hurdlers and the coaches. Every part of the team (sprinters, distance, throwers, and jumpers) is assigned a certain part of the hurdles to move. The first move is between the girls and boys short hurdle races, and the second move is from the short hurdle markings to the 300 intermediate hurdle markings.

11. Stay to the end -- The close of a meet is when we find out the scores. The home meets have other duties. We have to put away the pits, gather up the tools (rakes, shovels, tape measures), pick up the litter, et cetera. Of particular concern is the pole vault pit, which requires the most physical effort. All jumpers help put it away. Do not leave just because your events are through. The meet is not over and your team responsibilities are not completed until all is tucked away. If we are all involved in helping out, we should be done with our home meets between 6:30 and 7:00 p.m.
