Notes:

1. Please check the entries for our invitational carefully to see where you are listed. If you feel that there is a mistake, please check with your event coach.
2. The order of events is as listed on the other side.
3. The running events will start at 3:30 in the afternoon, and the field events will start at 4:00. You need to be there no later than 2:30.
4. Cozches Brewer and Clemente will be on the track all day setting up. We will need your help as well in moving pits, lining the track, setting up cones and flags, moving tables and chairs, and that sort of thing. If you could arrive at the school by noon to help, please do so.
5. ALL JUNIOR AND SENIOR BOYS! You are the officials for this meet. You need to check in with Brewer by 3:00 p.m. to get oriented to your jobs. Event officials go directly to your field event, and couriers check in with your primary station. Zone officials check in with Ben Chan, today's head zone official.
6. Yes, I know that this is a non-school day. Get your beauty rest, sleep in, and then show up on the track to help set up and then run and throw and jump.
7. Meet procedure: These are relays, so get your team together and keep it together. Running events need to check in at the bullpen, and you will be assigned heats and lanes. The bullpen will be at the end of the straightaway, by the snack bar. Field events need to sign in directly at the event
8. Your competition for the invitational will be the following teams:
