So much for the biggies!

Nothing ~~anymore~~ further to add except a hope that you don't downgrade Keith Munson's second. Berny will have something else to be mad at me about. Actually, what I told you was exactly right, but then maybe Keith would have hustled if pressed and still taken second. But I doubt it. Riley helped coached Rogers High to last in the City League; actually, they turned out better than they should have. He's in fair shape -- but not for racing; Lindgren too.
