The 1972 Track and Field News - United States Track and Field Federation Postal Competition was highlighted by four new records, the same number as broken in the 1971 competition, and some extremely fast two and three mile clockings.

At the frosh level, George Aguirre of La Cumbre Junior High in Santa Barbara, California easily won the two-mile (9:50.4) and helped his squad to the team title (55:33.8). In the frosh three mile, Merced, California, led by David Galeazzi (16:43.6) took the title (87:31.4).

Terry Williams of Lompoc, California in an unprecedented feat, repeated as the high school two-mile and three-mile individual leader and was involved in three of the four new records. His 8:58.4 (second fastest ever) paced Lompoc to an amazing 46:21.0 clocking, totally obliterating the old mark of 47:11.0. William's record 13:53.8 also helped his team to a three-mile record (73:25.0). A week earlier, Merced, California with Dave Taylor clocking a record 14:04.8 had run 73:46.4, just under the old record of 73:50.6. Taylor's 8:59.0 over two-miles ranks him third fastest ever.

The Florida Track Club repeated as the open three-mile champion with a new record (67:18.2), topping its own 1971 record (67:38.2). Frank Shorter repeated as the individual champion as he led his Florida teammates to the first three places with a quick 13:15.4 (second fastest ever). Southern Illinois was the collegiate champ with its fine 69:48.4 (third fastest collegians) led by the college leader, David Hill (13:46.6). In the junior college ranks Spokane, Washington Community College took the team title (73:42.0) to rank third fastest and were led by the individual leader, Kurt Beckman (14:13.0).

The New York Athletic Club duo of Dick Buerkle and Marty Liquori were the two-man ten-mile leaders with a fine 42:04.6. The collegiate leaders were Jeff Clenard and Jon Sutherland from California State University at Northridge (43:10.8) while Tim Simonds and Steve Blair from Santa Barbara City College in California were the junior college best (44:26.8).

In the high school two-man race, Curtis Richard and Larry Nettles from Sterling High in Baytown, Texas were the leaders (45:02.4). Keith Hawes and Jim Ems from Upland, California took the high school freshman title (52:35.4).

This 15th Annual nation-wide competition was co-sponsored by Track and Field News and the United States Track and Field Federation. Any additions or corrections, or questions regarding the 1973 Postal Competition should be mailed to: Carl W. Cooper, Executive Director, USTFF, 1225 No. 10th Ave., Tucson, Arizona 85705. Dear Ed:

Thanks for the information on the Atlanta Classic. I also have received some information from them and will write soon to Joe Litsch asking that he send me complete results.

I have had several complaints about the omission of the San Jose postal 2 and 3-mile results. Loren Lansberry's material arrives every year right on time, but the Federation has told me they will only accept marks which are on the official forms. I am sure Loren doesn't want to spend the hours necessary to fill out forms on 20-30 teams. Maybe he should hand out forms and ask each coach to fill out ones for each team. Anyway, it is unfortunate that the best postal meet in the country can't get the recognition it deserves because the coaches won't do the extra work necessary. I do know in the past when Don Steffans was doing the job he would include the marks anyway, but last year ~~XNA~~ (1971) and 1972 the marks didn't make it except for a few teams which sent in forms on their own. You might tell the Menlo-Atherton coach to complain to Lansberry and maybe this will get some action.

For high school business please respond to one of our prep editors:

Dear Plato:

I wrote to Jack Shepard about your complaint and this is a copy of his answer. Just a bureaucratic snafu which can be cleared up if Loren will let the individual coaches fill out their own forms. It's a damned shame about this year though.

I've written to Loren, too, and sent him a copy of the letter.

Hopefully next year the situation can be corrected and the boys will get the recognition they work so hard for.

Best regards,

Ed
