There was a solid pack at the end of the first mile in 4:30 with Pasadena and ElCamino runners making up a big part of the pack. The bunch thinned out a bit coming by the two mile in 9:20 with no clear cut leader. The three mile was a solid 14:30 with Garcia of Pasadena, King of Taft, Cruz of LA. Valley making up part of the front runners. Adolfo Garcia of Pasadena merged as the victor as he helped spread out the front runners by fourteen seconds from first to forth places. The course was fast and maybe a little short when so many runners go under twenty minutes and 68 runners break 21-minutes. The Norths mud run and 4.197 mile hilly course and the Souths speed course will throw a lot of ????? marks in the Race over Woodward Parks course at the State meet.

Skip Robinson and Jess Gomez had their team up to win the Southern Cal Championship and should be Congratulated for their efforts.

Rich Brownsberger's Woodward Parks Course record could be a possibility but weather conditions might predict some of the outcome of the times run. Rain usually helps the course and some rain is predicted for this week. Grossmonts Rich Brownsberger's course record is 19:17
