**THE STATE MEET** was another unqualified success for the North Coast Section. Since the inception of the State Meet, our section has slowly gained in visibility in state-wide competition. The Southern Section, with its 511 member high schools, still dominates any sports consideration. (On reflection, with almost half of the state's schools, perhaps they had better dominate.) The North Coast has over the last few years been more successful than ever. This year has seen an increase in our presence, even over last year's good outing. From Julia Stamps scorching all courses to, Clayton Valley's girls winning despite a crucial injury, from Micheil Jones romping to an individual win to Piedmont's boys repeating as third in Division IV despite losing all top five runners from last year, we showed well at the best time to do so--the State Meet.

**SOME MINOR EDITORIALIZING** -- We are, as a section, becoming more than just a one or two team phenomenon. As we have known all along, we can coach and train and compete as teams with the best of them (and sometimes better.) As coaches and athletes and those vitally interested in cross country, you all are to be commended. It would do well at this point to remember just what is that brings the type of success we now enjoy as a section and improve and continue to do those things. I suggest we focus on three points in particular:

1. Rigor and Professionalism -- The best coach is one who demands the most from his or her athletes, from a knowledgeable and informed standpoint. Particular styles vary as to particular personalities, but high expectations yield high results. And just as importantly, the field of knowledge and information about cross country continues to expand and the coach needs to stay educated about the sport.

2. Competition -- the best teams run against the best competition they can find to hone the runners' experience and competitive zeal. If a team wants to be running against the best at the end of the season, that team had better had some sort of big meet experience against top teams in order to be fully prepared.

3. Communication -- The more coaches and teams see each other, run against each other, read about each other, the more the entire sport benefits. Cross country gets off the back pages small print if there is sufficient interest. The more athletes see large meets and other teams, the more allure the sport has and the more athletes will tend to try the sport.

I feel that we have been doing all of these quite well. I think that North Coast cross country has many bright days ahead of it, and we can keep it that way.

**BUT NOW FOR SOME RESULTS AND ANALYSIS:** This is how the State Meet looked:

**Division I -- Girls:** Carondelet pretty much proved its point. The Cougars finished 7th in a tough field and dispelled any thought that they didn't really belong in Division I. Kristen Gordon (18:46-8th) led the way for them, with Katie Owen (19:30-26th) also put in a quality performance for the Cougars. Logan was simply outmatched by most of the field, finishing 14th, but Senhit Dirar (19:51-41st) put in a quality performance for the Colts. Julia Stamps (Santa Rosa) was the individual story of the meet, striding comfortably to a course record over a minute ahead of the closest competition. Montgomery's Pamela Richardson ran very well also (19:26-23rd).

**Boys:** Santa Rosa came through in a fine way, recording the best non-DeLaSalle finish in Division I for us. Their 8th place finish was keyed by the fine running of Zach Barrett (16:15-26th) and Peter Egerton (16:20-32nd).

**Division II -- Girls:** Mission San Jose (8th) had some excellent running by the Reidy twins with Elissa (18:19 -2nd) and Lori (18:38-4th) dueling with the leaders for over two miles before the pack thinned out a bit at the end. Castro Valley (13th) sagged after their North Coast performance, and had only Jennifer Ewing (19:41-22nd) as a bright spot. Tina Bowen of San Ramon (18:57-8th) had an excellent individual race, as did Lisa Gillis (19:30-17th) of Moreau Catholic.

**Boys:** As expected, DeLaSalle's Tommy Prindiville (15:53-7th) and Randy Maestretti (15:59-13th) ran near the front of the pack all the way, but the rest of their pack fell off the pace and the Spartans settled for 9th. Mission San Jose grabbed 11th, with Pat O'Leary (16:29-42nd) leading the way for the Warriors. Monte Vista's Martin Beggs (16:20-36th) was a top individual for us.

**Division III -- Girls:** This was the hot spot of excellence for the North Coast today. Clayton Valley held to form and easily won the meet, but not without suffering the loss of Marcella Villalobos, their #3 girl, who fractured a tibia in the last 1/4 mile and went down. And they still had the best team time on the day of any division! Heather Wallace (18:23-5th), Deborah Osteen (18:55-11th), Kelly Howisey (19:18-19th), Louise Indrisie (19:41-28th) and Jennifer Osteen (20:25-49th) comprise the core of this fine team. Northgate did well too, grabbing a 7th place. Alison Lambert (18:22-4th) did a fine job for the Broncos. We had a swarm of top individuals as well, with San Leandro's Rachel Mosher (18:45-8th) making the top ten. Amber Robinson (19:09-15th) of Las Lomas and Granada's Marisa Daniel (19:33-24th) did very well, as did Jessica Rhodes (19:38-27) of Acalanes and Healdsburg's Lisa Hernandez (19:41-29th).

**Boys:** The top end of this race was all North Coast. Livermore's Micheil Jones (15:26-1st) and Steve Immel (15:33-3rd) put on a great display of talent. Their finish helped propell the Cowboys to 3rd place despite some lackluster running by the back pack. Alex Teekell (15:46-5th) of Bishop O'Dowd and Clayton Valley's Mike Wojciechowski (15:58-8th) also had top 10 finishes. Clayton Valley finished 5th to cap off a great season. Geoff Brigham (16:19-21st) was their excellent #2 guy today. Individually Danny Brecht (16:25-26th) of Petaluma and San Leandro's Keith Kennedy (16:26-29th) had fine races.

**Division IV -- Girls:** Once again, the North Coast presence was where it should be, at the front of the race. Kristen Schreiber (19:11-1st) of Miramonte almost was not able to defend her State title, as Theresa Newman (19:13-2nd) of Marin Catholic led pretty much the whole last half of the race. Apparently grimly determined to reverse the previous week's race results from the MCS section meet, Newman ran up to and past her limit of endurance, and when she bound up on the grass right before the finish, Schreiber turned on the jets to just nab her. Lindsey Bergren (19:34-5th) ran very well for Miramonte as well, as the Matadors finished 2nd in the team scoring. Branson, behind Kim Reynolds (20:12-15th), turned in a quality team performance with a 4th place finish. Other individuals doing well were Terra Linda's Jennifer Ponig (19:36-7th), College Prep's Gina Rafanelli (20:16-16th), Miramonte's Kristi Miller (20:19-17th), San Rafael's Tegan Zimmerman (20:33-27th) and Ursuline's Sarah Hallas (20:37-29th).

**Boys:** Another success story saw Piedmont reprise its 4th place finish of last year, even down to the tie and tie-breaker, with Dave Rhodes (16:39-19th) the first Highlander. Campolindo finished 9th, with a very strong performance from Ryan Gallagher (16:00-5th). Top-placing individuals were St. Mary's Jon Evan Hornsby

(16:31-13th), Arcata's Cody Clark-Thompson (16:36-16th), Mt. Diablo's Adrian Gutierrez (16:49-22nd) and California School for the Deaf's Jason Hardy (16:59-29th).

**AND NOW FOR SOME MORE PONTIFICATING:** I'd like to thank all of you out there who follow our sport and help make it increasingly more successful each year. I'd also like to thank all of you who have contributed to this little publication, as erratic and irregular as it is. This year has been a banner year as far as getting information and results, as well as the weekly chats about who is who and who to watch and who done what. Still, at times it gets sketchy, so if you are a bit distant from my Contra Costa / Alameda County base area, feel free to send me all the clippings and xeroxes and faxes you can. Even if it is duplicate information, it is valuable. Redundancy is not a lost virtue in the paper puddle that is my office alcove.

**EVEN THOUGH YOU WEREN'T ASKING FOR IT,** you're going to get my opinion anyway. Coaches of the year -- a grand-sounding accolade, eh? But what it signifies from this corner is a display of the type of effort that kids benefit most from, as well as the success that naturally accompanies a complete program. So here are my selections:

**Girls Coach of the Year:** Ron Silveira, Clayton Valley. All Ron did was take a remarkably successful team, keep it focused and have it be even more successful.

They lost their #2 girl from last year, and didn't skip a beat. Their #3/#4 girl went down with a broken leg during the State Meet, and they won easily anyway with the best team time on the day. They are all underclasswomen, and Ron has another chance to prove again he can keep the focus clear, and the intensity up. This is not to mention that he did not have a top-sided program,.. and that his boys team was the most improved squad in their division, grabbing a notable 6th at the State Meet..

**Boys Coach of the Year:** Doyle O'Reagan, Piedmont. The Piedmont coaching staff had graduated all their top 5 boys from the 1993 State Meet Division IV 4th place team. They were looking at 3rd, maybe 2nd in their own league. Their top returner was not even a point-getter last year. Somewhere in the last month of the season, it all came together and they roared through the subregionals, MOC and finally the State Meet to merely repeat as 4th place.

**BE SURE TO BOTHER ME** if you have any cross country news or gossip or questions. If I have made any errors or omissions here, please call to complain. PETER BREWER
