Peter, this is Doug Courtemarche (the great black labrador ZEEMIE). Hope this helps your newsletter which I didn't get this past issue (Bob Shor made a copy for me, so you have been pirated.)

Notes on the NBL finals. 63 dropping to 58 for the varsity boys. The course had some muddy spots but obviously had no effect on the times. Highlights: Girls 14 girls under 20 minutes. All time best. Santa Rosa had 6 of them. Last week was the first time any girls team had 5 girls under 20 against Montgomery and Ursuline. This week our freshman came through like I knew she could, albeit sixth on our team was 13th overall. She bested both of Montgomery's freshmen girls that have beaten her all year. Katie Stafford was incredibly sick and ran 27 seconds slower this week than last. Naomi Bisagno from Piner was also quite sick. She is usually their # 2 girl. Erica Zundel from Piner is now free from season nagging injuries and ran a unexpected 15th. Piner if healthy with Deena Witthaus always coming through in big races could be tough in Div II. Montgomery girls are going to give fits to Div III girls with both Sara(h)'s. April Malvino their senior PR'd by 34 seconds. The two freshmen, Terribillini and Pedersen have improved considerably.

The boys:

What an absolutely incredible race for the league title among the individuals. Mack broke Laurie's recently established record of 15:14 by running 14:50. Going into the season my own Zach Barrett held the record at 15:21. That was well ahead of the likes of Steve Guerrini and Dan Held. Both runners of some notoriety. You can see the results from yesterday. Maria Carrillo pulled off a huge upset of Montgomery by finishing second. Danny Aldridge has them in fine form right now and they could be a sleeper in Div III with the top two boys in Laurie and Kinley.

See you soon,

Doug Courtemarche
