Academics:

Aurora currently has an overall GPA of 3.83. She has undertaken a rigorous set of college prep courses, such as AP Environmental Science and AP US History, and is currently taking Honors Physics and AP Statistics.

Her college interests are undecided at this point in time. Her SAT score is currently 1890 and ACT score is 27.

Coach's Assessment:

Aurora has had an up-and-down career. She turned out to be susceptible to shin soreness, and fell prey to colds and illnesses during each season. Nonetheless she fashioned a very respectable cross country career at Castro Valley High School, including twice earning All-League honors.

She caught the running bug during her freshman track season, where she was the league frosh-soph 800 champion. She immediately was an impact runner the following cross country season, but illness kept her from running the last races of the season.

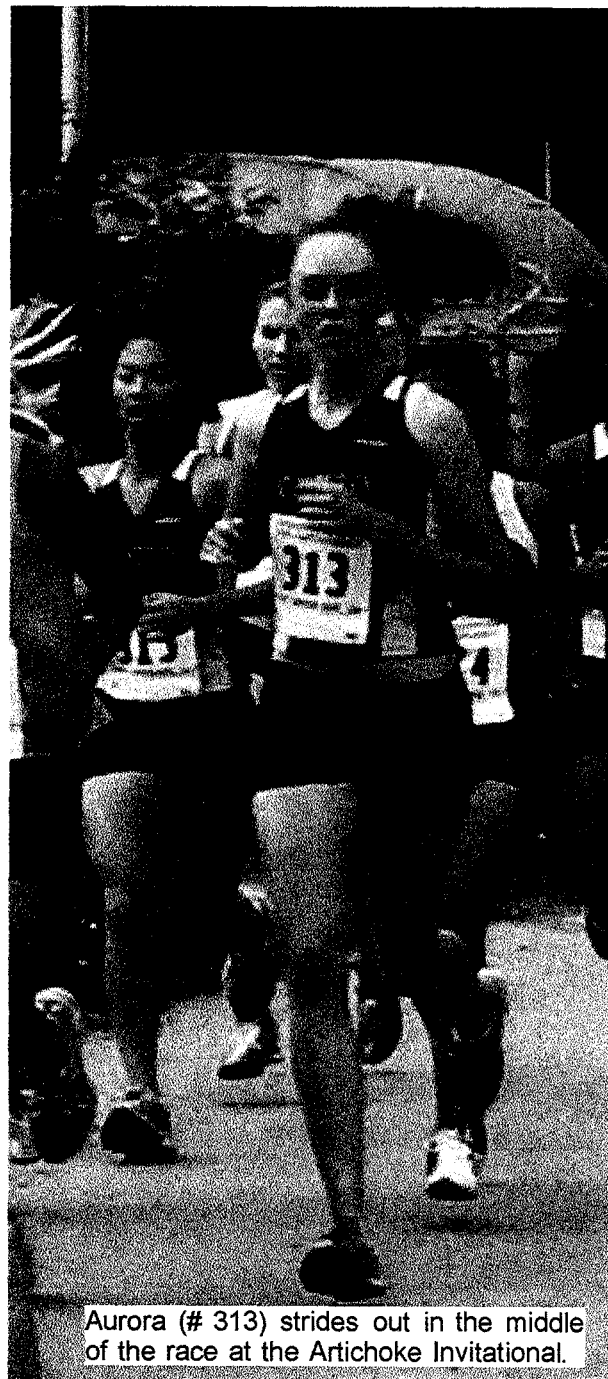

Aurora's junior year saw some breakthroughs. A bit slow to get into racing shape, she quickly moved onto the varsity team. Perhaps her best races were at Mt. SAC (19:53) where she was part of the team that set a school record team time there. She also had a strong performance in the rain at the North Coast Section Finals.

This past season saw Aurora determined to have a strong season. She was able to PR on almost every course she ran, and once again made the ALL-League team.

Aurora is a focused runner, and has had to deal with several setbacks that robbed her of consistent training. Given a sustained period of working out, she unleashes a strong competitive streak.

My projection on Aurora is that with a bit of time, and a focus on sustained training, she will show a yet-untapped upside. She would be an asset to almost any D-II program, as she is easily capable of moving into the low 19:00's or lower for a 5K.

Any questions, give me a call. Peter Brewer 510-919-4769

Aurora (# 313) strides out in the middle of the race at the Artichoke Invitational.
